

TRACKING LOUISIANA'S LEGAL HERITAGE:
CELEBRATING 200 YEARS OF THE FEDERAL COURTS IN LOUISIANA

The Civilian Aspects of Louisiana Law

by

Professor J. Randall Trahan

- I Introduction
- II Prolegomena: a definition of “civil law”
- III An account of the origins of the “civilian aspects”: a brief history of the civil law of Louisiana
 - A The “pre-history”: the civil law before there was a Louisiana
 - 1 Roman law
 - a Classical Roman law
 - b Post-classical Roman law
 - * The contribution of the Emperor Justinian
 - 2 The European *ius commune*
 - a In general
 - b In Spain and in France, in particular
 - B The history proper: the civil law of Louisiana
 - 1 During the period of European colonization
 - a The first French colonial period
 - b The Spanish colonial period
 - c The second French colonial period
 - 2 During the American territorial period
 - a Before the Digest of 1808
 - b After the Digest of 1808
- IV An exposition of the “civilian aspects”
 - A Distinctive legal-methodological notions
 - 1 Sources of law
 - 2 Methods of legal argumentation
 - 3 Interpretative methodology
 - 4 Temporal effects of laws
 - * “Interpretative legislation”
 - B Distinctive substantive-law notions (by field)
 - 1 Family law
 - * Solemnity of marriage, ban on divorce, community property
 - 2 Obligations law
 - * Concept of “obligation”, “cause” rather than “consideration” in contracts, the preferred remedy of specific performance
 - 3 Property law
 - * Classifications of things, real rights, “servitudes” instead of “easements”, “usufructs” instead of “life estates”
 - 4 Successions (inheritance) law
 - * Olographic testaments, prohibition on trusts, forced heirship
