Sanofi will be allowed an additional two hours on the record to depose Drs. Kessler and Madigan. This allowance does not affect the impending deadline for Sanofi to issue its expert reports. Sanofi will not be allowed additional deposition time with Dr. Plunkett. The Court declines to order Dr. Madigan to produce the manufacturing control numbers, Case

IDs, and line-item reports, as they form no part of his report or the opinions he has stated thus far in the case.
