On September 27, 2024, the Department of Justice and the City of New Orleans filed a CNO-DOJ Joint Motion requesting that Judge Morgan permit the City and the NOPD to enter the "Sustainment Period" of compliance, as provided for in Consent Decree paragraph 491. That motion was accompanied by a proposed NOPD Consent Decree Compliance Sustainment Plan which addresses specific NOPD Consent Decree requirements that require additional effort to achieve compliance, additional time for the Monitor to review, or both.

That same day, the Court's Notice to the Public was issued that explained the process the Court will follow in evaluating the joint motion. Ultimately, the Court will determine whether to grant the Parties' motion to begin the sustainment period and under what conditions. The Notice provides that over the next 45 days, the Monitor will hold a series of virtual and/or in-person meetings to hear community reactions and answer community questions. The Notice also states, "The Monitor will inform the Court of all issues raised in the course of those meetings."

In an effort to make an immediate public meeting on the September 27th filing available to as many individuals as possible, it will be held virtually by the Monitor via Zoom on Tuesday, October 8th during the day beginning at 12PM CST, in awareness of the City's "Night Out" activities.

The Monitor will hold and promote additional opportunities for the public to review the City's and the NOPD's progress toward compliance with the Consent Decree, discuss the proposed Sustainment Plan filing, and to document all questions and comments related to the status of the NOPD Consent Decree for the Court to aid its evaluation of the Parties' September 27th motion.

The public is encouraged to submit written comments to the Court before October 25, 2024.
